

Monday 12th October 2026

Dear Parents and Carers,

We would like to politely remind parents and carers that **vaping should not take place** on school grounds or at the school gates before the start of the school day. We have observed instances of vaping in very close proximity to children during drop-off times and would appreciate your support in ensuring that children are not exposed to vaping while arriving at school.

In addition to this, following a recent Health and Safety audit, we have been advised to make our **school site entirely dog-free**. As a result, dogs must not be brought onto the school grounds at any time. This includes dogs that are being carried or transported in arms, as well as those on leads. We understand that many of our families are dog owners and appreciate your cooperation with this change.

These measures have been introduced to help ensure the safety, comfort and wellbeing of all children, families and staff on site.

Thank you for your understanding and support in helping us maintain a safe and positive environment for everyone.

Kind Regards,

Joanne Lennon
Headteacher
