

YEAR 1 – TRIPS FOR THE ACADEMIC YEAR 2026-2027

All curriculum-linked school trips have now been booked for this academic year and you will see a breakdown of them below.

Parents have the option to pay for trips in 'lump sums' or in instalments spread across the year. We hope that giving this flexibility helps paying for trips feel more affordable/manageable and avoids parents being asked for money on short notice. All final instalments/payment deadlines are set to complete before the trip goes ahead and instalments are set up to allow us to monitor contributions made and ensure the financial viability of the trip. In the event a trip would need to be cancelled where not enough contributions have not been made, any payments made by some would be refunded.

When you log in to make a payment for a trip (be that an instalment or a 'lump sum') a message will appear asking you to confirm you are also giving consent for your child to attend the trip.

There may be a small number of additional trips or events added later in the year – these will only be for events that we are unable to book now, e.g. – attending a sports event. Costs for these will be kept to an absolute minimum.

As always, we appreciate your support – without parental contributions, we would not be able to offer these valuable opportunities to support the children's learning.
